

xpressions[®] SALESMATE

SALESMATE is a great support tool that can be used to showcase two or more important product facts while promoting product and company brand awareness. It sets up in five seconds or less and collapses even faster! Easy graphic change out makes customized visits a snap. Far superior to other forms of display - it fits in your sample case or carry on luggage. It is so compact that it is the no hassle display for all sorts of applications.

The Green Display

Standard pop-ups are waging a full offensive against our planet. Landfill destiny is making it difficult for companies to meet their greenness goals. SALESMATE combats these issues, on every front, helping you meet your corporate and personal green initiatives. With the recycled fabric option, SALESMATE displays are completely recyclable. Graphics are composed of 88% recycled material made from soda bottles. With these options SALESMATE has a far lower carbon footprint than the typical bulky pop-ups.

SALESMATE™
EXHIBITOR SERIES
4 x 3

SalesMate™ is one of the hottest new display options on the market. Compact, convenient and easy to set-up. The SalesMate is small in size when traveling, upon set-up the all inclusive skins provide great impact! The SalesMate™ Exhibitor Series Kits were designed to provide turn-key table top display options that carry over the excitement and purpose of xpressions.

The Exhibitor Series Kits include everything needed to travel and display efficiently at trade shows. Set-up is a breeze with a full size 8' throw emblazoned with a large perma logo presence. Each 8' throw can be converted to a 6' with the included velcro tabs. The SalesMate display comes with the graphics already on the frame.

Traveling with large displays is becoming less and less attractive, choosing SalesMate™ compromises nothing except the hassle! SalesMate™ Exhibitor Series Table Top Kits help eliminate a little stress out of life. Have a great show!
